The jeans choose the wizard, it is not always clear why, but it is clear that you can expect great things from the staff at Blue Denim Lounge! Come in and find the jeans that were made just for you today.

Enjoy Exploring the Magic of the Southport Corridor.

Greetings Marauders!

You can present your "Mischief Managed" cards to access discounts and special deals all weekend long. If you can find and photograph all 25 hidden (some not so hidden) objects along the sidewalks and shop windows, stop by the Covenant Youth Collision Tent at the CTA Brown Line for a special gift! If you get stuck along the way you can listen to some clues or stop by any of the CYC tents for help. Be on the lookout for the golden snitch...it tends to travel quickly.

Covenant Youth Collision

RULES:

- Be courteous guests of the Corridor. All photo scavenger objects are viewable from the sidewalk so please don't enter a business unless you are planning to shop/browse or eat.
- Please DO plan to shop/browse and eat! There is much to explore and experience along the Corridor.
- The 4 house common rooms are designated places to meet fellow housemates. Please do enjoy all of the different spaces! You aren't limited to the house you have been sorted into, but you will get the deepest discounts at the common room that represents you. Seating is available to patrons on a first come first served basis. Feel free to call ahead for reservations.
- Be sure to show your mischief managed card to receive the specials at each participating location.

HINTS:

- Logos on the map don't always have a hidden object, sometimes they just are running a special.
- Some objects are hidden, some are in plain view and some require a little imagination.
- Most objects are where you might expect them to be. For example, looking at the map, if you see a Candy Shop that might be a good place to look for a chocolate frog.
- Some objects have a few spots they show up in, others only have one spot.
- Audio hints will be posted on the covenantyouthcollision.org website (check under A Very Harry Celebration)

What is Covenant Youth Collision and what is with the wizard thing?

The themes that are present all throughout the famous wizarding book series written by JK Rowling, reflect so much of the work we do. We aren't exactly a school for teens and tweens, but there is magic that takes place in watching and engaging in the spiritual formation of students. We provide teaching (sometimes using ancient languages and texts), group learning, community building, forming friendships in unlikely places, exploring leadership and looking out for the marginalized. We hope you enjoy the magic of the Southport Corridor this weekend. We do events throughout the year, so check back with us online to see what we are up to next...

Covenant Youth Collision invests in the spiritual formation of Chicago area children and youth through training, ministry events, small group discipleship, and purposeful leadership opportunities, in collaboration with a network of local churches.

Learn more about our organization @ covenantyouthcollision.org

We will be back for another round of magic along the Southport Corridor. Save the date to celebrate Harry's 40th birthday with us next year!

July 31-August 2, 2020

This event is not sponsored by or connected to Warner Bros Entertainment, Universal Studios or JK Rowling/JKR Limited
